A passionate software development enthusiast with a strong focus on full-stack technologies. Driven by problem-solving, a love for continuous learning, and a commitment to writing clean, efficient, and maintainable code.

EDUCATION

Nagarjuna College Of IT | Lalitpur

2020 - 2025

BSc. CSIT Graduate

Affiliated to Tribhuvan University

TECHNICAL SKILLS

Proficient: JavaScript, React.js, Git, HTML, CSS, Tailwind CSS, NextJS, MongoDB, NodeJS, Express,

Knowledgeable: Python, TensorFlow, Render

PROJECTS

Premium MERN Streetwear Website | E-commerce Website

 E-commerce

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, React Router, Vercel, Render, Git & GitHub

- Developed a full-stack MERN e-commerce website using React.js, Node.js, Express.js, and MongoDB.
- Implemented features including user authentication, shopping cart, wishlist, and order management.
- Built an admin dashboard for managing products and customer orders.
- Deployed the frontend on Vercel and the backend on Render using REST APIs and MongoDB Atlas.

Portfolio Website | Personal Portfolio

 Portfolio

Tech Stack: JavaScript, React, Next.js

- Developed a personal website to showcase academic projects, skills, and personal details.
- Focused on lightweight performance and clarity across devices.

Recipe Finder | Recipe Search App

 Recipe Finder

Tech Stack: React, Tailwind CSS, TheMealDB API

- Built a responsive recipe search application that fetches meal data from TheMealDB API.
- Integrated category filters, detailed ingredient views, and responsive layouts for all devices.
- Emphasized smooth UI transitions and clean API integration using modern frontend tools.

Expense Tracker | Expense Tracking Tool

 Expense-Tracker

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, REST API

- Built a responsive full-stack expense tracking web application for managing personal finances.
- Implemented user authentication and protected routes using JWT authentication.
- Developed features for adding, deleting, and categorizing expenses and income transactions.
- Integrated RESTful APIs using Express.js and MongoDB for data storage and management.

CERTIFICATIONS, PARTICIPATIONS

- SIT Certified Frontend/Web Design | School of Information Technology.
- Exploration of Data Science and Machine Learning | Dasraa Tech.
- Data Science with Python Certification | Broadway Infosys.
- Full-Stack Mern Certification | TechAxis
